Note.-Contn. Sheet

Serial
No.

the grounds that it is not desirable to undertake any work in a disputed area, that this improvement work is the function of the local Municipal Council. ^{The} Trust Board was advised to utilise the money available for a better purpose like clearing a stream in Mysore city.

4) The chairman, Mysore Trust Board has reiterated the proposal to improve the tank, as the tank has been raised by the Board at a cost of Rs 10,000, as the Board is in continuous possession of the area and only the northern portion of the tank bed has been handed over to the Palace as per notification no.

L & 481/Hd 57-35-20 & 10-6-35 (file R) page 7 of the correspondence portion) and as this work is a part of the general scheme for which govt. provides funds & this is an urgent work ^{which} cannot be postponed.

to the extent of Rs 82,000

5) govt. have provided funds for improvement of tanks in and around Mysore, as an anti-malaria measure. A sum of Rs 47,000 is reported to be available

Viz. his letter d/18-5-54 (file R) (page 1 of the correspondence portion).

Serial
No.

with the T.B. The dispute over the tank bed area is not yet settled. Irrespective of whether the tank bed area belongs to the T.B. or the Palace, the question to be considered is whether it is necessary to sanction the estimate to improve the drain as an anti-malaria work.

6) A sum of Rs 47,000 is available with the T.B. It is the duty of the local Municipal Council to take up such improvement works. However the scheme sometimes long back cannot perhaps hold good now. The scheme to combat malaria is being carried out in other parts of the state by special white crests through the National Malaria Control Scheme sponsored by the central govt. The Health Dept. is in charge of this scheme and ~~is~~ is using modern methods to bring the spread of malaria under control. It is perhaps desirable to entrust the work to the Mysore city M.C. who in turn may seek the advice of the Health Dept. to ~~would not~~ take such ^{modern} measures as are necessary towards the control of malaria epidemic, ^{for some} ~~for some~~ ^{sometimes long back} ~~are out of~~ instead of carrying out ~~outdated~~ ^{old} works, as the M.C. has at its disposal men and material to face the situation (it has

its own Health section). In these circumstances, this may be pointed out to the chairman and the Municipal Commissioner Mysore city requests to utilise the services of Malarial ^{control} unit ~~affiliated~~ ^{created under the} scheme sponsored by the central govt. by addressing the D.P.H.

7) As regards the amount of Rs. 47,000 available with the Mysore Trust Board, the point for order is ^(a) whether this sum may be handed over to the Mysore city Municipal Council to meet the cost of the scheme that may be taken up in consultation with the Health Dept. or ^(b) whether this may be allowed to remain with the Trust Board to meet the cost of scheme improvement works & the chairman requests to send proposals to ~~re-allocate~~ ^{re-appropriate} the amount for such scheme improvement works as the T.B. may decide.

8) The proposals in para 6 and ^(a) or ^(b) in para 7 above are for order.

Ma 28/6/54 9) The very ownership of the tank-bed is in dispute. Whether it is the M.C. that does the work or the T.B., it is better to decide who is the ultimate

Subject: Estimate for Rs.26,500/- for improvements to S.W.
drain in Doddakere Tank bed.

+

With reference to your letter No.L.16714/I.T.B.18-53-51 dated 13-3-1954 returning the above estimate with certain observations and stating that there is no need to sanction the estimate prepared by the Board etc., I write to forward herewith a copy of the office note approved by the Board at its ordinary meeting held on 28-4-54 (vide resolution No.D.S.436 copy enclosed) and to state as follows:-

Doddakere has been drained of by the Trust Board at a cost of nearly Rs.10,000/- The area is in continuous possession of the Board and only the northern of the Tank bed area has been handed over to the Palace as per Government Notification No.L.8481/Ml.57-35-20 dated 10-6-1935. Hence the propriety of the tank bed is that of Government vested in the Trust Board. Government have been pleased to observe that the land is in dispute between the Palace and the Board and that it is not desirable to undertake any work. In this connection, I invite kind reference to this office letter No.D2.C.233/51 dated 11-9-1953 furnishing a detailed note for perusal of Government wherein enough proof has been adduced to show that the Doddakere is in the possession of the Board from time immemorial.

As regards the other observation by Government that the improvements to the S.W.drain are clearly the functions of the City Municipal Council, Mysore, I am to add that the work proposed to be undertaken forms part of the general scheme for treatment of tanks and water

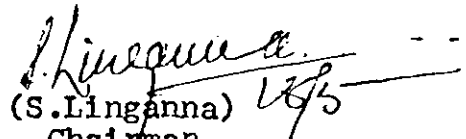

P.T.O.

courses for anti malaria purposes, debiting the cost to the Government grant sanctioned for the purpose.

Construction of drain to prevent malaria nuisance may be considered as a public purpose. The repairs to the drain at the place is essential even taken up by any agency. It is therefore evident from the above that the work falls within the purview of the Trust Board activities and can be legitimately undertaken by the Board.

In the circumstances, I request that the estimate may kindly be sanctioned early

Yours faithfully,

(S. Linganna) 18/5
Chairman.

MYSORE,

Dated 24th October, 1953

Report to accompany the estimate for permanent improvements to the S.W. drain in Doddakere tank between Nazarabad Road to Service Road.

The Storm water drain running along the Doddakere tank bed has a large catchment of the whole of northern section of the city. The existing drain is only an earthen drain with bed pitching here and there to certain length and side revetment for some length. During rainy season, on account of heavy discharge in the drain, the bed gets scoured and pools formed and becomes breeding places for mosquitoes and also heavy silt gets deposited every season. The recurring expenditure for removal of this silt and regrading the bed is a major problem after every season.

The storm water drain is provided with bed slabs and cement concrete invert for summer flow upto Nazarabad road bridge as shown in the enclosed sketch. It is now proposed to provide 3" bed slabs for another length of nearly 900 feet from Nazarabad Road bridge up to the service road in the tank bed, which will eliminate any stagnation. The permanent measures proposed comprise of providing bed slabs and providing syck pattern drain at the centre of drain for summer flow, as well as resetting of the existing slabs to certain lengths etc. The total cost of the estimate amounts to Rs. 26,500/-. The rates provided are as per schedule of rates for certain items and the rate provided for providing and fixing 3" D.B. slabs for bed of drain is based on the tender rate for similar work for improving storm water drain behind Palace Dharma sala for Rs. 18,000/- sanctioned vide G.O. No. L. 13490-1/I.T.B.

10-51-63. The cost of the scheme may be met out of the ^{sfd out of Rs.} savings grant of Rs. 47,000/- available with the Board in the sum sanctioned by Govt. of Rs. 58,000/- sanctioned for improvements to Doddakere tank. for treatment of tanks in the said measure. The estimate may kindly be sanctioned.

SIR,

Subject: Estimate for Rs.26,500/- for improvements to Storm
water drain in Doddakere tank bed, Mysore.

In inviting kind reference to this office letter of even No. dated 17-6-1954 on the above subject, I write to state that the storm water drain in question was inspected by the Chief Minister during his inspection on 20-7-1954 and he was pleased to observe that the matter would be investigated and orders issued sanctioning the improvement to the drain. An extract from the inspection notes is herewith enclosed for kind perusal. After the recent rains, the whole drain running in a populated area has become one continuous cess pool and a breeding place for mosquitos.

In the circumstances, I request you kindly to communicate sanction of Government to the estimate for Rs.26,500/- for improving the above storm water drain, at an early date, in the interest of sanitation and public health of the locality.

Yours faithfully,

S. Linganna

LINGANNA,
Chairman.

City Improvement Trust Board,
Mysore.

D. O. No. D2.C.321/53-54.

Dated 26th August 1954.

Dear Sri Venkatakrishna Rao,

Re: Notes of inspection of Mysore City
by the Chief Minister on 20-7-1954

I write to state that during the course of the inspection of Mysore City on 20-7-1954, the Chief Minister was pleased to observe the following** with regard to the subjects noted against each. Government have been addressed separately in each case, with a request that the matter may kindly be expedited.

- **-----
2. Improvements to Kurubarhalli:
The Chief Minister instructed the secretary, L.S.G. Department, to expedite sanction to the estimate.
4. Improving the S.W. drain (main drain running in Doddakere).
The matter will be investigated and orders will be issued sanctioning the improvement to the drain running in the Doddakere tank bed.
-

As regards Kurubarhalli, I am to state that the whole village has practically no roads or drains. The so called roads are also working as

drains. Thus the village has become an eyesore especially in an area where all the surroundings are highly developed and maintained in a trim condition.

With regard to the main drain running in Doddakere tank bed, I would like to add that after the recent rains, the whole drain running in a populated area has become one continuous cess pool and a breeding place for mosquitoes.

In view of the above circumstances and those contained in the Notes of inspection of the Chief Minister, I request you to be good enough to communicate orders of Government sanctioning the above two estimates, so that the instructions of the

PROCEEDINGS OF THE GOVERNMENT OF MYSORE

Read :-

Correspondence ending with letter No. [2.C.32/53]-1, dated 22-9-1954 from the Chairman, City Improvement Trust Board, Mysore, forwarding for sanction, an estimate for Rs. 26,500/- for permanent improvements to the Storm Water Drain in Doddakere Tank bed between Hazarbad Road to Service Road, Mysore, the cost being met out of the grant given for treatment of tanks in and around Mysore City.

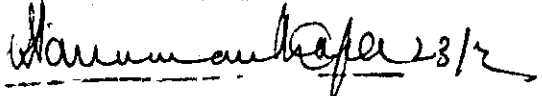

2. Unofficial Note No. 6422/G.1. dated 8-11-1954 of the Chief Engineer on the subject.

ORD. No. L. 11927-30 / 9 T. B 8-54-36

LATED, BANGALORE, THE 23rd DECEMBER 1954.

The estimate for Rs. 26,500/- is sanctioned subject to the following conditions:-

The ownership of the Doddakere Tank Bed area is in dispute and the question is still under the consideration of Government. The City Improvement Trust Board cannot claim the area as its own on the ground that the work of improving the Storm Water Drain at the place has been executed by them. Any decision taken in this behalf by any competent authority will be binding on the parties concerned who are claiming the ownership of the Doddakere Tank Bed Area.

(V. Hanumanthappa)
for Secretary to Government,
Education and L.S.G. Departments

To

- The Chairman, City Improvement Trust Board, Mysore, with records,
- " Municipal Commissioner, Mysore City Municipality,
through the President,
- " Chief Engineer of Mysore,
- " Controller, State Accounts Department.
